Breakfast Clubs

A breakfast club is the perfect way to start children's day in a safe, friendly, relaxed place where children can enjoy a nutritional breakfast with our leaders and other school friends. Having a breakfast club at your school can enhance your extra-curricular provision.

Breakfast Clubs are not only convenient for parents to get to work on time; they have so many more advantages that you should be aware of:

- **Great opportunity for children to make new friends.**
- **Children can enjoy their breakfast in a safe and familiar environment.**
- **At Zidannes Sports School Breakfast Clubs have a variety of games and activities are played which stimulate the child's brain from an earlier hour which prepares them perfectly for the day ahead (breakfast clubs have been proven to increase child's academic performance across the curriculum)**
- **Children develop their negotiation, team-building and problem solving skills through Zidannes Sports School Breakfast Clubs.**
- **Attendance and punctuality is improved and is maintained in breakfast club**
- **Increases concentration levels and improves behaviour**

At Zidannes Sports School Breakfast Clubs children will be provided with a nutritional breakfast which normally consists of cereals or toast and a drink. Our clubs truly help children to recognise just how important eating breakfast is and how it can enhance their academic

performance throughout the day. Getting into the habit of eating a healthy, nutritional breakfast and playing, problem solving and team building early in the morning is essential for children as they grow up and we find this habit really does stick with them for life.

“Breakfast clubs have a positive impact on children's behaviour, punctuality and attendance rates at school. They also increase concentration levels throughout the day and engage children in making healthier choices in their diet as well as improving social interaction skills between pupils.” Department for Education

How will the breakfast clubs work?

Lunchtime Clubs

If you want to offer children in your school something different to do at a lunch time, to focus all of their energy into an extra-curricular skill, lunchtime clubs are definitely the right thing for you.

Many schools have used our lunch time club staff to bring in an alternative activity for children at lunch time to improve behaviour on the playground and the results are outstanding.

These fun sessions enhance learning, give children the opportunity to socialise with children who are interested in similar activities and allow them to develop a new hobby!

Lunchtime clubs are also a great time for our staff to work with the school sports team to prepare children for Inter-school Sports Competitions.
